---

Dear FOIA Group:

The Department of Vermont Health Access has conducted a search in response to your October 15, 2014 public records request regarding RFP # 03410-127-14. Specifically, you requested the contract and winning proposal, all proposals submitted in response to the RFP, and score sheets for the submitted proposals.

These are large documents, so I have not been successful at sending them all in one email. Below is the list of documents you will be sent following this email. Attached to this email is the Xerox proposal and Xerox redaction clarification.

- Xerox redacted proposal
- Xerox redaction clarification (marked as proprietary, but the Attorney General's Office felt that redacting this information was inappropriate)
- Goold Health Systems redacted proposal
- Goold Health Systems redaction clarification
- Catamaran redacted proposal
- Magellan redacted proposal
- Scoring workbook with notes

Goold Health Systems had the winning proposal. To access contracts that the Department has executed, please follow this link: <http://dvha.vermont.gov/administration/contracts>.

Please be advised that, pursuant to 1 V.S.A. § 318(a)(2), you have the right to appeal the denial of any portion of your request to Mark Larson, Commissioner of the Department of Vermont Health Access. Feel free to contact me if you have any questions.

Sincerely,

*Dylan Frazer*
