**SPECIFICATIONS OF WORK TO BE PERFORMED**

**GENERAL PURPOSE STATEMENT**

This award is to support the salary of a Behavioral Health Specialist (BHS) in the Blueprint Community Health Team (CHT).

**SPECIFICATION OF WORK TO BE PERFORMED**

The BHS will develop (in collaboration with The Blueprint for Health and ADAP), and administer/coordinate : evidence based pre-screening; screening; brief intervention; brief treatment; and referral processes for longer term treatment in designated Blueprint Primary Care practices. This initiative creates the expectation of referrals from the Blueprint Medical Home practices in the HSA, to the Designated Community Mental Health Agency (DCMHA), as well as private therapists in the community. Blueprint Medical Home Practices in the HSA should be able to accept referrals from the DCMHA, to the Blueprint Medical Home practices and should have a documented process to do so.

The CHT and the DCMHA are expected to collaborate as necessary to develop recognizable processes for the referral of patients to DCMHA's from the CHT; and, acceptance of patients from the DCMHA. The efforts of this collaboration and process of referral will be documented in the Grantee's progress reports. Referrals between agencies should include a statement from the referring agency regarding the clinical question that the referring agency would like answered.

The Grantee will also develop and document their process for screening patients in practices, for behavioral health and/or substance abuse conditions.

The CHT is a multidisciplinary team that provides practice and patient support. The BHS will be a member of the CHT. The BHS and the Hospital Services Area's (HSA) Blueprint Project Manager will serve on a Blueprint/ADAP advisory committee should the committee become activated during the time period of this grant.

**PERFORMANCE STANDARDS**

The BHS will participate in the review and evaluation of this initiative and will collect and report agreed upon data elements as part of this initiative which are included in # 4, below.

Grantee will accomplish the following:

1. Utilize evidence-based substance use and mental health screening tools to screen for behavioral health and/or substance abuse conditions as defined by the Departments of Vermont Health Access/Blueprint for Health and The Vermont Department of Health/Division of Alcohol and Drug Abuse Programs (ADAP). Evidence based tools include but may not be limited to: PHQ-2; PHQ-9; AUDIT; GAD-7; and, CAGE. These tools screen for behavioral health and substance abuse conditions such as: depression; anxiety; and substance abuse.

2. Provide brief treatment as defined by the Blueprint for Health and ADAP. Brief treatment includes but may not be limited to, seeing a patient for a period of 3 to 6 visits. Clinical judgment may be exercised when determining the number of visits.
3. Refer patients to the Community Mental Health Center's and community-based therapists, and provide ongoing follow-up and communication for long-term treatment.
4. Track:
  - Number of screenings completed
  - Number of positive screens by condition
    - a. Substance abuse
    - b. Mental Health issues
    - c. Other (list)
  - Cumulative number of individuals who received brief treatment during the reporting period
  - Number of individuals referred for further assessment or longer term treatment
  - Number referred to the DCMHA vs. number referred to a private therapist.
  - Number of patients referred to CHT and/or Medical Home from DCMHA

Grantee will report on this data twice each year.

10. Within 30 days of this grant being fully signed, Grantee will provide the Vermont Blueprint for Health:
  - a. The sub recipient's documented and recognizable processes for the referral of patients: to DCMHA's and other community-based therapists from the CHT and/or participating Medical Homes.
  - b. The sub recipient's documented and recognizable processes for accepting referrals of patients to the CHT and/or participating Medical Homes: from DCMHA's and other community-based therapists.
  - c. The Grantee's documented process for screening patients in practices, for behavioral health and/or substance abuse conditions.

Understanding that the state is working toward developing universal evidence based guidelines for: pre-screening; screening; and, assessment, the HSA is asked to begin the process of incorporating these agreed upon evidence based tools, into their practices, understanding that this process of practice incorporation may take a matter of many months/years, to fully incorporate. Currently, the three question pre-screening that we ask the practices to begin to incorporate into their practice process is: the PHQ-2 and the third question on the AUDIT. The BHS, and when appropriate, other practice staff e.g. nurses, medical assistants, other members of the CHT, will participate in all training sessions developed as part of this initiative.

A final program and financial report will be due within 30 days of the end date of the grant, or January 30, 2012.

**ATTACHMENT B - PAYMENT PROVISIONS**

**A final financial report will be due no later than 30 days after the end date of the Grant. The final financial report will report actual approved expenditures against payments received.**

The State will pay Grantee the sum not to exceed \$55,000.00. This amount will be paid in the following manner:

Grantee will invoice the Department of Vermont Health Access (DVHA) on a monthly basis, for the previous month's actual and approved expenditures. Monthly invoicing in arrears will continue through the life of the grant. The maximum payable amount under this Grant shall not exceed \$55,000.00.

The State will pay invoices of actual expenses upon receipt of the DVHA Financial Report Form with documentation of expenses and all other required reports in Attachment A and Attachment B; when in receipt of an invoice with supporting documentation articulating actual expenditures for approved activities during the said time period. **The Financial Report Form and the supporting documentation will be sufficiently detailed to allow the reviewed to match invoiced expenses against approved budget line items.** With the monthly invoice and Financial Report form, the Grantee will submit a spread sheet accounting of the measures in #4 of the Scope of Work on page 4 of this grant award.
