Business Associate shall ensure that any agent (including a subcontractor) to whom it provides PHI received from Covered Entity or created or received by Business Associate on behalf of Covered Entity agrees in a written contract to the same restrictions and conditions that apply through this Agreement to Business Associate with respect to such PHI. For example, the written contract must include those restrictions and conditions set forth in Section 12. Business Associate must enter into the written contract before any use or disclosure of PHI by such agent. The written contract must identify Covered Entity as a direct and intended third party beneficiary with the right to enforce any breach of the contract concerning the use or disclosure of PHI. Covered Entity has the right to seek to cure any breach by Business Associate and this right, regardless of whether Covered Entity cures such breach, does not lessen any right or remedy available to Covered Entity at law, in equity, or under this Contract, nor does it lessen Business Associate's responsibility for such breach or its duty to cure such breach.

12. Return/Destruction of PHI.

12.1 Business Associate in connection with the expiration or termination of this Contract shall return or destroy all PHI received from Covered Entity or created or received by Business Associate on behalf of Covered Entity pursuant to this Contract that Business Associate still maintains in any form or medium (including electronic) within thirty (30) days after such expiration or termination. Business Associate shall not retain any copies of the PHI. Business Associate shall certify in writing for Covered Entity (1) when all PHI has been returned or destroyed and (2) that Business Associate does not continue to maintain any PHI. Business Associate is to provide this certification during this thirty (30) day period.

12.2 Business Associate shall provide to Covered Entity notification of any conditions that Business Associate believes make the return or destruction of PHI infeasible. If Covered Entity agrees that return or destruction is infeasible, Business Associate shall extend the protections of this Agreement to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible for so long as Business Associate maintains such PHI.

13. Notice/Training. Business Associate understands that: (a) there may be civil or criminal penalties for misuse or misappropriation of PHI and (b) violations of this Agreement may result in notification by Covered Entity to law enforcement officials and regulatory, accreditation, and licensure organizations. If

requested by Covered Entity, Business Associate shall participate in information security awareness training regarding the use, confidentiality, and security of PHI.

Business Associate shall identify in writing upon request from Covered Entity all of the safeguards that it uses to protect such Electronic PHI.
- 14.2 Business Associate shall ensure that any agent (including a subcontractor) to whom it provides Electronic PHI agrees in a written contract to implement and use administrative, physical, and technical safeguards that reasonably and appropriately protect the Confidentiality, Integrity and Availability of the Electronic PHI. Business Associate must enter into this written contract before any use or disclosure of Electronic PHI by such agent. The written contract must identify Covered Entity as a direct and intended third party beneficiary with the right to enforce any breach of the contract concerning the use or disclosure of Electronic PHI. Business Associate shall provide a copy of the written contract to Covered Entity upon request. Business Associate may not make any disclosure of Electronic PHI to any agent without the prior written consent of Covered Entity.
- 14.3 Business Associate shall report in writing to Covered Entity any Security Incident pertaining to such Electronic PHI (whether involving Business Associate or an agent, including a subcontractor). Business Associate shall provide this written report promptly after it becomes aware of any such Security Incident. Business Associate shall provide Covered Entity with the information necessary for Covered Entity to investigate any such Security Incident.
- 14.4 Business Associate shall comply with any reasonable policies and procedures Covered Entity implements to obtain compliance under the Security Rule.

15. Miscellaneous.

- 15.1 In the event of any conflict or inconsistency between the terms of this Agreement and the terms of the Contract, the terms of this Agreement shall govern with respect to its subject matter. Otherwise the terms of the Contract continue in effect.
- 15.2 Any reference to "promptly" in this Agreement shall mean no more than seven (7) business days after the circumstance or event at issue has transpired. A reference in this Agreement to a section in the Privacy Rule or Security Rule means the section as in effect or as amended or renumbered.
- 15.3 Business Associate shall mitigate, to the extent practicable, any harmful effect that is known to it of a use or disclosure of PHI in violation of any provision of this Agreement.
- 15.4 Business Associate shall cooperate with Covered Entity to amend this Agreement from time to time as is necessary for Covered Entity to comply with the Privacy Rule, the Security Rule, or any other standards promulgated under HIPAA.

- 15.5 Any ambiguity in this Agreement shall be resolved to permit Covered Entity to comply with the Privacy Rule, Security Rule, or any other standards promulgated under HIPAA.
- 15.6 In addition to applicable Vermont law, the parties shall rely on applicable federal law (e.g., HIPAA, the Privacy Rule and Security Rule) in construing the meaning and effect of this Agreement.
- 15.7 This Agreement may be amended or modified, and any right under this Agreement may be waived, only by a writing signed by an authorized representative of each party.
- 15.8 Nothing express or implied in this Agreement is intended to confer upon any person other than the parties hereto any rights, remedies, obligations or liabilities whatsoever. Notwithstanding the foregoing, the Covered Entity in this Agreement is the Agency of Human Services operating by and through its Department, Office, or Division of **Office of Vermont Health Access**. Covered Entity and Business Associate agree that the term "Covered Entity" as used in this Agreement also means any other Department, Division or Office of the Agency of Human Services to the extent that such other Department, Division, or Office has a relationship with Business Associate that pursuant to the Privacy or Security Rules would require entry into an agreement of this type.
- 15.9 As between Business Associate and Covered Entity, Covered Entity owns all PHI provided by Covered Entity to Business Associate or created or received by Business Associate on behalf of Covered Entity.
- 15.10 Business Associate shall abide by the terms and conditions of this Agreement with respect to all PHI it receives from Covered Entity or creates or receives on behalf of Covered Entity under this Contract even if some of that information relates to specific services for which Business Associate may not be a "Business Associate" of Covered Entity under the Privacy Rule.
- 15.11 The provisions of this Agreement that by their terms encompass continuing rights or responsibilities shall survive the expiration or termination of this Agreement. For example: (a) the provisions of this Agreement shall continue to apply if Covered Entity determines that it would be infeasible for Business Associate to return or destroy PHI as provided in Section 12.2 and (b) the obligation of Business Associate to provide an accounting of disclosures as set forth in Section 9 survives the expiration or termination of this Agreement with respect to accounting requests, if any, made after such expiration or termination.
- 15.12 This Agreement constitutes the entire agreement of the parties with respect to its subject matter, superseding all prior oral and written agreements between the parties in such respect.

Basic Principles

2. Basic Principles

2.1 Principles of Confidentiality

The respectful treatment of Consumers includes respecting the privacy of their Individually Identifiable Information, while making every effort to meet their needs and assist them to successfully navigate the human services system.

All Individually Identifiable Information is presumed to be confidential and subject to these standards. Employees shall not Disclose the Individually Identifiable Information unless the Disclosure is authorized by the Consumer, a court, or is otherwise permitted or required by law.

Some Individually Identifiable Information is protected by federal and state confidentiality laws that have more rigorous standards which are not preempted by this rule and require informed Consumer consent before Disclosure.

2.2 Disclosures Required or Permitted by Law

This rule is not intended to expand or diminish current provisions in law relating to disclosure of confidential information.

2.3 Information Collection

Employees shall collect and record only the minimum amount of Individually Identifiable Information needed to fulfill the goals of serving the Consumer and meeting administrative or legal obligations.

2.4 Informing Consumers

At the earliest opportunity, Employees, Grantees and Contractors shall provide a Notice of Individually Identifiable Information Practices and explain to each individual or family the confidentiality laws that apply to Agency services. The Contractor's or Grantee's explanation shall include a description of the types of Individually Identifiable Information that may be lawfully used based on the scope of their work on behalf of the Agency and the situations in which a Consumer's consent is needed to permit a Disclosure.

Permissible Sharing and Disclosure

3. Permissible Sharing and Disclosure

3.1 Sharing and Disclosure of Individually Identifiable Information

Except as provided in section 3.2 and for uses of Individually Identifiable Information that are permitted or required by state and federal law, Employees, Contractors and Grantees will ensure written permission or authorization has been obtained to disclose Individually Identifiable Information with non-Agency related service providers who are involved with the Consumer's services prior to Sharing or Disclosing any information.

When the Sharing or Disclosing of information is initiated by Employees or by Contractors and Grantees performing Agency work, the permission or authorization used will contain the required information set forth in this rule in section 4.2, except as otherwise provided by law.

All Sharing and Disclosures made by Employees, Contractors, and Grantees pursuant to Consumer consent shall include only the Individually Identifiable Information necessary for the purposes for which the permission or authorization was given and shall be made only as indicated in the permission or authorization.

Under all circumstances, all Individually Identifiable Information Shared among Employees, Contractors, and Grantees who are involved with providing services to the Consumer, or who administer those services, will be shared only on a Need-to-Know basis.

3.2 Information Sharing for Program Administration

Unless otherwise prohibited or restricted by law, the Agency may Disclose and Share Individually Identifiable Information without consent when required for Program Administration. No Individually Identifiable Information shall be Disclosed to a person or entity, unless directly connected with Agency Program Administration or necessary for compliance with federal or state laws or regulations or pursuant to Consumer permission or authorization.

3.3 Inter-Disciplinary Teams

Members of an Inter-Disciplinary Team may or may not need a Consumer's permission or authorization to share Individually Identifiable Information for the purpose of engaging in identifying, coordinating, planning, arranging, and providing services to a Consumer in order to carry out the Agency's statutory obligations.

Provided no stricter confidentiality laws apply, when the Inter-Disciplinary Team consists only of Employees, Contractors and/or Grantees of the Agency, members of the team are permitted to share Individually Identifiable Information with the team without the permission or authorization of the Consumer.

Permissible Sharing and Disclosure

When an Inter-Disciplinary Team consists of individuals in addition to Employees, Contractors, or Grantees of the Agency, the Employee, Contractor or Grantee members of the team can only Disclose Individually Identifiable Information with the entire team with the permission or authorization of the Consumer.

Specific additional permission or authorization is also needed when stricter confidentiality laws apply such as those related to mental health, HIV, substance abuse, domestic violence, vocational rehabilitation services, or Adult Protective Services.

3.4 "Non-identifiable" Information

Information that does not identify a Consumer may be used for statistical research, reporting, and/or forecasting program needs.

3.5 Public Information

Information defined as public by 1 VSA § 317 or other applicable statute is available to the public. The procedures in the public records statute shall be followed before public information is released.

The Employee, Contractor or Grantee also shall explain the process and benefits of Service Coordination. Employees shall take reasonable steps to present records in a form accessible to the Consumer, including but not limited to large type format or verbal review. A reasonable, cost-based fee may be imposed, provided that the fee includes only the cost of copying, postage, and preparing an explanation or summary of the records as requested by the Consumer. This fee shall be waived if it would prohibit access.

Procedures to Protect Confidentiality

These shall be available to Consumers, Employees, Contractors, Grantees, third parties, as necessary to improve the overall understanding of this rule. The guidelines shall be updated as necessary.
