This contract is managed by BISHCA and includes a deliverable for the integration of the Medicaid data.

Onpoint has developed a stand alone one way data element encryption software that is run on the reporter's desktop before data is submitted to the Onpoint data warehouse. SHA-512 is a computer security standard approved by the U.S. Department of Commerce, National Institute of Standards and Technology (NISR), Information Technology Laboratory (ITL).

Providing encryption software that is run by every reporter ensures that all patient identifiers are encrypted consistently across reporters and eliminates the possibility that direct patient identifiers are submitted. 3. Business Activities. Business Associate may use PHI received in its capacity as a “Business Associate” to Covered Entity if necessary for Business Associate’s proper management and administration or to carry out its legal responsibilities. Business Associate may disclose PHI received in its capacity as “Business Associate” to Covered Entity for Business Associate’s proper management and administration or to carry out its legal responsibilities if a disclosure is Required by Law or if (a) Business Associate obtains reasonable written assurances via a written agreement from the person to whom the information is to be disclosed that the PHI shall remain confidential and be used or further disclosed only as Required by Law or for the purpose for which it was disclosed to the person and (b) the person notifies Business Associate, within ten (10) business days (who in turn will notify Covered Entity within ten (10) business days after receiving notice of a Breach as specified in Section 5.1), in writing of any Breach of Unsecured PHI of which it is aware. Uses and disclosures of PHI for the purposes identified in this Section must be of the minimum amount of PHI necessary to accomplish such purposes.
4. Safeguards. Business Associate shall implement and use appropriate safeguards to prevent the use or disclosure of PHI other than as provided for by this Agreement. With respect to any PHI that is maintained in or transmitted by electronic media, Business Associate shall comply with 45 CFR sections 164.308 (administrative safeguards), 164.310 (physical safeguards), 164.312 (technical safeguards) and 164.316 (policies and procedures and documentation requirements). Upon request from Covered Entity, Business Associate shall provide Covered Entity an overview of its information security program which shall include available documentation regarding its security policies and procedures.
5. Documenting and Reporting Breaches.
 - 5.1 Business Associate shall report to Covered Entity any Breach of Unsecured PHI without unreasonable delay after it becomes aware of any such Breach, and in no case later than ten (10) business days after it or any of its employees or agents becomes aware of the Breach, except when a law enforcement official determines that a notification would impede a criminal investigation or cause damage to national security.
 - 5.2 Business Associate shall provide Covered Entity with the names of the individuals whose Unsecured PHI has been, or is reasonably believed to have been, the subject of the Breach and any other available information that is required to be given to the affected individuals, as set forth in 45 CFR §164.404(c), and if requested by Covered Entity, information necessary for Covered Entity to meet its obligations under HIPAA. Business Associate shall continue to

provide to Covered Entity the required information concerning the Breach as it becomes available to it.

- 5.3 When Business Associate determines that an impermissible acquisition, use or disclosure of PHI by a member of its workforce does not pose a significant risk of harm to the affected individuals, it shall document its assessment of risk. Such assessment shall include: 1) the name of the person(s) making the assessment, 2) a brief summary of the facts, and 3) a brief statement of the reasons supporting the determination of low risk of harm. Upon request by Covered Entity, Business Associate shall make any risk assessments available to Covered Entity to allow Covered Entity to meet its obligations under HIPAA.
6. Mitigation and Corrective Action. Business Associate shall mitigate, to the extent practicable, any harmful effect that is known to it of an impermissible use or disclosure of PHI, even if the impermissible use or disclosure does not constitute a Breach. Business Associate shall carry out a reasonable plan of corrective action to address any incident of impermissible use or disclosure of PHI. Upon request by Covered Entity, Business Associate shall provide a description of its mitigation and corrective action steps to allow Covered Entity to meet its obligations under HIPAA.
7. Providing Notice of Breaches.
- 7.1 If Business Associate determines that an impermissible acquisition, access, use or disclosure of PHI for which one of Business Associate's employees or agents was responsible constitutes a Breach as defined in 45 CFR §164.402, and if requested by Covered Entity, Business Associate shall provide notice to the individuals whose PHI was the subject of the Breach. When requested to provide notice, Business Associate shall consult with Covered Entity about the timeliness, content and method of notice. The cost of notice shall be borne by Business Associate. Covered Entity acknowledges and agrees that Business Associate may not have sufficient contact information regarding the affected individuals to allow Business Associate to meet its obligations under this Section 7. Business Associate's obligations under this Section 7 shall be subject to Covered Entity providing Business Associate with the necessary contact information regarding the affected individuals.
- 7.2 The notice to affected individuals shall be provided as soon as reasonably possible and in no case later than sixty (60) calendar days after Business Associate reported the Breach to Covered Entity.
- 7.3 The notice to affected individuals shall be written in plain language and shall include, to the extent possible, 1) a brief description of what happened, 2) a description of the types of Unsecured PHI that were involved in the Breach, 3) any steps individuals can take to protect themselves from potential harm resulting from the Breach, 4) a brief description of what the Business associate is doing to investigate the Breach, to mitigate harm to individuals and to protect against further Breaches, and 5) contact procedures for individuals to ask questions or obtain additional information, as set forth in 45 CFR §164.404(c).

- 7.4 Business Associate shall notify individuals of Breaches as specified in 45 CFR §164.404(d) (methods of individual notice). In addition, when a Breach involves more than 500 residents of Vermont, Business associate shall, if requested by Covered Entity, notify prominent media outlets serving Vermont, following the requirements set forth in 45 CFR §164.406.
8. Agreements by Third Parties. Business Associate shall ensure that any agent (including a subcontractor) to whom it provides PHI received from Covered Entity or created or received by Business Associate on behalf of Covered Entity agrees in a written agreement to the same restrictions and conditions that apply through this Agreement to Business Associate with respect to such PHI. For example, the written contract must include those restrictions and conditions set forth in Section 14. Business Associate must enter into the written agreement before any use or disclosure of PHI by such agent. The written agreement with such agent must identify Covered Entity as a direct and intended third party beneficiary with the right to enforce any breach of the agreement concerning the use or disclosure of PHI. Business Associate shall provide a copy of the written agreement to Covered Entity upon Covered Entity's request. Business Associate, in its sole discretion, may redact from such written agreement any confidential or proprietary information. Business Associate may not make any disclosure of PHI to any agent without the prior written consent of Covered Entity, which consent shall not be unreasonably withheld, conditioned or delayed. Notwithstanding the above, with respect to any agent engaged by Business Associate prior to the Effective Date, Business Associate's contract with the agent is not required to identify Covered Entity as a direct and intended third party beneficiary with the right to enforce any breach of the agreement concerning the use or disclosure of PHI. However, if Business Associate renews or enters into a new contract with such agent, after the Effective Date, it must identify Covered Entity as a third party beneficiary as required above, and must provide a copy of the written agreement upon Covered Entity's request. With respect to any agent engaged by Business Associate prior to the Effective Date, as identified by Business Associate prior to the Effective Date, Covered Entity hereby consents to the disclosure of PHI to such agents.
9. Access to PHI. Business Associate shall provide access to PHI in a Designated Record Set to Covered Entity or as directed by Covered Entity to an Individual to meet the requirements under 45 CFR §164.524. Business Associate shall provide such access in the time and manner reasonably designated by Covered Entity. Within three (3) business days, Business Associate shall forward to Covered Entity for handling any request for access to PHI that Business Associate directly receives from an Individual.
10. Amendment of PHI. Business Associate shall make any amendments to PHI in a Designated Record Set that Covered Entity directs or agrees to pursuant to 45 CFR §164.526, whether at the request of Covered Entity or an Individual. Business Associate shall make such amendments in the time and manner reasonably designated by Covered Entity. Within three (3) business days, Business Associate shall forward to Covered Entity for handling any request for amendment to PHI that Business Associate directly receives from an Individual.

11. Accounting of Disclosures: Business Associate shall document disclosures of PHI and all information related to such disclosures as would be required for Covered Entity to respond to a request by an Individual for an accounting of disclosures of PHI in accordance with 45 CFR §164.528. Business Associate shall provide such information to Covered Entity or as directed by Covered Entity to an Individual, to permit Covered Entity to respond to an accounting request. Business Associate shall provide such information in the time and manner reasonably designated by Covered Entity. Within three (3) business days, Business Associate shall forward to Covered Entity for handling any accounting request that Business Associate directly receives from an Individual.
12. Books and Records. Subject to the attorney-client and other applicable legal privileges, Business Associate shall make its internal practices, books, and records (including policies and procedures and PHI) relating to the use and disclosure of PHI received from Covered Entity or created or received by Business Associate on behalf of Covered Entity available to the Secretary in the time and manner designated by the Secretary. When Business Associate furnishes such material to the Secretary, it will notify Covered Entity and, upon Covered Entity's request, will furnish such materials to Covered Entity in the same manner as the materials were provided to the Secretary.
13. Termination.
 - 13.1 This Agreement commences on the Effective Date and shall remain in effect until terminated by Covered Entity or pursuant to Section 13.2 or until all of the PHI provided by Covered Entity to Business Associate or created or received by Business Associate on behalf of Covered Entity is destroyed or returned to Covered Entity subject to Section 17.7.
 - 13.2 If either party breaches any material term of this Agreement, the non-breaching party may either: (a) provide an opportunity for the breaching party to cure the breach and the non-breaching party may terminate this Agreement without liability or penalty if the breaching party does not cure the breach within the time specified by the non-breaching party; or (b) immediately terminate this Agreement without liability or penalty if the non-breaching party believes that cure is not reasonably possible; or (c) if neither termination nor cure are feasible, the non-breaching party shall report the breach to the Secretary. The non-breaching party has the right to seek to cure any breach by the breaching party and this right, regardless of whether the non-breaching party cures such breach, does not lessen any right or remedy available to the non-breaching party at law, in equity, or under this Agreement, nor does it lessen the breaching party's responsibility for such breach or its duty to cure such breach.

14. Return/Destruction of PHI.

14.1 Business Associate in connection with the expiration or termination of this Contract shall return or destroy, at the discretion of the Covered Entity, all PHI received from Covered Entity or created or received by Business Associate on behalf of Covered Entity pursuant to this Contract that Business Associate still maintains in any form or medium (including electronic) within thirty (30) days after such expiration or termination. Subject to Section 14.2. Business Associate shall not retain any copies of the PHI. Business Associate shall certify in writing for Covered Entity (1) when all PHI has been returned or destroyed and (2) that Business Associate does not continue to maintain any PHI. Business Associate is to provide this certification during this thirty (30) day period.

14.2 If return or destruction of PHI is infeasible, Business Associate shall provide to Covered Entity notification of any conditions that Business Associate believes make the return or destruction of PHI infeasible. If Covered Entity agrees that return or destruction is infeasible, Business Associate shall extend the protections of this Agreement to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible for so long as Business Associate maintains such PHI.

15. Penalties and Training. Business Associate understands that: (a) there may be civil or criminal penalties for misuse or misappropriation of PHI and (b) violations of this Agreement may result in notification by Covered Entity to law enforcement officials and regulatory, accreditation, and licensure organizations. If requested by Covered Entity, Business Associate shall consider participation in training regarding the use, confidentiality, and security of PHI.

16. Security Rule Obligations. The following provisions of this Section apply to the extent that Business Associate creates, receives, maintains or transmits Electronic PHI on behalf of Covered Entity.

16.1 Business Associate shall implement and use administrative, physical, and technical safeguards in compliance with 45 CFR sections 164.308, 164.310, and 164.312 with respect to the Electronic PHI that it creates, receives, maintains or transmits on behalf of Covered Entity. Upon request from Covered Entity, Business Associate shall provide Covered Entity an overview of its information security program which shall include available documentation regarding its security policies and procedures.

16.2 Business Associate shall ensure that any agent (including a subcontractor) to whom it provides Electronic PHI agrees in a written agreement to implement and use administrative, physical, and technical safeguards that reasonably and appropriately protect the Confidentiality, Integrity and Availability of the Electronic PHI. Business Associate must enter into this written agreement before any use or disclosure of Electronic PHI by such agent. The written agreement with such agent must identify Covered Entity as a direct and intended third party beneficiary with the right to enforce any breach of the agreement

concerning the use or disclosure of Electronic PHI. Business Associate shall provide a copy of the written agreement to Covered Entity upon Covered Entity's request. Business Associate, in its sole discretion, may redact from such written agreement any confidential or proprietary information. Business Associate may not make any disclosure of Electronic PHI to any agent without the prior written consent of Covered Entity, which consent shall not be unreasonably withheld, conditioned or delayed. Notwithstanding the above, with respect to any agent engaged by Business Associate prior to the Effective Date, Business Associate's contract with the agent is not required to identify Covered Entity as a direct and intended third party beneficiary with the right to enforce any breach of the agreement concerning the use or disclosure of Electronic PHI. However, if Business Associate renews or enters into a new contract with the agent after the Effective Date, it must identify Covered Entity as a third party beneficiary as required above, and must provide a copy of the written agreement upon Covered Entity's request. With respect to any agent engaged by Business Associate prior to the Effective Date, as identified by Business Associate prior to the Effective Date, Covered Entity hereby consents to the disclosure of Electronic PHI to such agents.

16.3 Business Associate shall report in writing to Covered Entity any Security Incident pertaining to such Electronic PHI (whether involving Business Associate or an agent, including a subcontractor). Business Associate shall provide this written report without unreasonable delay and in no case later than ten (10) business days after it becomes aware of the incident. Upon request by Covered Entity, Business Associate shall provide Covered Entity the information necessary for Covered Entity to investigate the Security Incident to meet its obligations under HIPAA.

16.4 Business Associate shall comply with reasonable policies and procedures Covered Entity implements regarding the services performed by Business Associate on behalf of Covered Entity to allow Covered Entity to meet its obligations under HIPAA, provided that Covered Entity provides Business Associate with timely notice of such policies and procedures.

17. Miscellaneous.

17.1 In the event of any conflict or inconsistency between the terms of this Agreement and the terms of the Contract, the terms of this Agreement shall govern with respect to its subject matter. Otherwise the terms of the Contract continue in effect.

17.2 The parties shall cooperate to amend this Agreement from time to time as is necessary for the parties to comply with the Privacy Rule, the Security Rule, or any other standards promulgated under HIPAA.

17.3 Any ambiguity in this Agreement shall be resolved to permit the parties to comply with the Privacy Rule, Security Rule, or any other standards promulgated under HIPAA.

17.4 In addition to applicable Vermont law, the parties shall rely on applicable federal law (e.g., HIPAA, the Privacy Rule and Security Rule) in construing the meaning and effect of this

Agreement.

- 17.5 As between Business Associate and Covered Entity, Covered Entity owns all PHI provided by Covered Entity to Business Associate or created or received by Business Associate on behalf of Covered Entity.
- 17.6 Business Associate shall abide by the terms and conditions of this Agreement with respect to all PHI it receives from Covered Entity or creates or receives on behalf of Covered Entity under this Contract even if some of that information relates to specific services for which Business Associate may not be a “Business Associate” of Covered Entity under the Privacy Rule.
- 17.7 The provisions of this Agreement that by their terms encompass continuing rights or responsibilities shall survive the expiration or termination of this Agreement. For example: (a) the provisions of this Agreement shall continue to apply if is infeasible for Business Associate to return or destroy PHI as provided in Section 14.2 and (b) the obligation of Business Associate to provide an accounting of disclosures as set forth in Section 11 survives the expiration or termination of this Agreement with respect to accounting requests, if any, made after such expiration or termination.

ADDITIONAL CONTRACT PROVISIONS

1. Conflicts of Interest

If the State determines that a conflict of interest, as defined by the State, exists between a regulated entity and a member or members of the Contractor's staff, the Contractor shall substitute similarly qualified individuals for the conflicted members. If the State determines that a conflict of interest, as determined by the State, exists between Contractor and regulated entity, the State may immediately remove that assignment from the

Contractor, or may invoke its right to terminate this contract pursuant to paragraph 7 on page 1 of this contract. The State reserves the right to make the ultimate determination as to whether a conflict of interest exists.

2. Project Assumptions

The following assumptions detail those conditions that must be satisfied so that the contract objectives are met, and without which the contract will likely not succeed. In addition, these assumptions are factored in during the costing process of the Contractor's fee proposal and may be affected if they are not met.

- The State and the reporters each will timely perform their respective tasks as described and agreed upon.
- The State's authorized representatives will reasonably be available during the project lifecycle to approve plans, sign off on deliverables, and confirm project closure.
- The State will provide in a reasonably timely manner information, resources and other cooperation reasonably necessary for Contractor's performance and delivery timeframes.

The State acknowledges that Contractor will rely on the accuracy and completeness of any information and materials provided by State, and agrees that all information disclosed to Contractor is (or will be at the time of disclosure) true, accurate and not misleading in any material respect. Contractor shall have no obligation for failure to provide services in accordance with this Contract to the extent such failure is caused by inaccurate or incomplete information provided by the State.

3. Force Majeure

Neither party will be liable for any failure or delay in its performance under this Agreement due to any cause beyond its reasonable control, including acts of war, acts of God, earthquake, flood, embargo, riot, sabotage, labor shortage or dispute, governmental act or failure of the Internet, provided that the delayed party: (a) gives the other party prompt notice of such cause, and (b) uses its reasonable efforts to promptly correct such failure or delay in performance.

4. Confidentiality.

Nothing contained in any provision of this Contract shall be construed to prohibit or limit Contractor from performing services for other clients, or from using any intangible, residual know-how or general knowledge or concepts acquired during the course of providing services under the Contract, so long as Contractor complies with its confidentiality obligations hereunder. The State agrees to keep confidential any information related to Contractor's operations which constitute trade secrets exempt from public disclosure as defined by Vermont law (e.g., its information security program) furnished to the State hereunder and agrees not to use or disclose any such information for any purpose other than as expressly authorized by the Contractor in writing. Contractor shall notify the State when Contractor considers shared information a confidential trade secret.

5. Change Process

The State may, at any time during the term of the contract, request a modification to the specifications, or an addition or reduction, or other change in the scope of the contract or the implementation plan for the contract (collectively, a "Contract Modification"). If the State desires such a modification, the State shall notify Contractor in writing, describing in detail the requested Contract Modification. To the extent the requested Contract Modification requires additional work or investigation to respond to the requested Contract Modification, Contractor will advise the State and, if Contractor decides not to bear its own costs of investigation, Contractor will request a Contract Modification providing for such investigation to be chargeable on a time and materials basis. If Contractor believes that any proposed Contract Modification is impracticable or would impair the integrity of the System, Contractor shall immediately, and in no event more than fifteen (15) days after receipt of a Contract Modification request, advise the State in writing that the request cannot be accepted. Within thirty (30) days after Contractor's receipt of a Contract Modification request, or such later date as may be agreed by the parties where investigation is required, Contractor will provide a final response. If Contractor accepts the Contract Modification request, the parties shall negotiate the necessary adjustments to achieve such Contract Modification and any necessary changes to the terms of this contract.
