STATEMENT OF DELAY

The selection process for State of Vermont RFP document #03410-105-12 posted on February 1st, 2012 will be delayed past the stated Contractor Selection date of April 1, 2012. The review team has encountered timing and communication conflicts that will carry the selection process into next week. We anticipate that we will have a final selection and notify the vendor by April 13th, 2012.

The selection will not be posted publicly on the Vermont Bid Systems website or DVHA website until the contract agreement is executed by both parties.

We apologize for the delay.
