5. By adding on page 1 of 18 in ATTACHMENT A (Scope of Work to be Performed), under II. Scope of Work and Performance Expectations as amended by Amendment 5 the following:

G. Health Care Marketplace Navigation

Starting in October 2013, individuals, families and small businesses will use Vermont Health Connect to compare health plans side-by-side and find one that fits their needs and budget. Navigators will be available to sit down with Vermonters one-on-one to help them understand their health care options, compare health plan benefits and prices, and select a plan that fits their needs. Small businesses can also turn to Navigators for help in determining the best options for their business. The primary goals of the State's Vermont Health Connect Navigator Program are to:

- 1) Provide free in-person enrollment assistance to individuals and businesses in communities across Vermont;
- 2) Conduct outreach and education to individuals and businesses across Vermont to help them learn about Vermont Health Connect, how it relates to them, and the key timelines to make enrollment decisions; and
- 3) Fulfill all duties and criteria as determined by state and federal law.

In order to maximize Navigators' impact and ensure accountability, Navigators will be managed by entities selected by Vermont Health Connect to be "Navigator Organizations." By accepting this grant, the Grantee is attesting their intention to serve as a Navigator Organization.

1. Grantee Duties and Criteria

- Assign qualified personnel to be trained and certified as Navigators by the State;
- Obtain a State of Vermont criminal conviction report on each selected Navigator and keep on file. If the prospective Navigator has not resided in the state of Vermont for the past five consecutive years, then an FBI criminal background check is required. Navigators may initiate employment with the grantee prior to the receipt of background check results by the Navigator organization. Continued employment of Navigators is contingent upon satisfactory results of the required criminal history;
- Manage and oversee Navigators;
- Ensure that only certified Navigators are providing enrollment assistance;
- Leverage connections with key target populations to boost the State's outreach efforts;
- Provide quarterly status reports detailing engagement and enrollment efforts;
- Meet with the state on a quarterly basis; attend additional meetings either in person or by phone as requested by the State;

2. Navigator Duties and Criteria as determined by state and federal law

- Maintain expertise in eligibility, enrollment, and program specifications and conduct public education activities to raise awareness about the Vermont Health Connect;
- Provide information and services in a fair, accurate and impartial manner; such information must acknowledge other health programs;
- Facilitate selection of a qualified health plan (QHP) and/or Medicaid, Dr. Dynasaur, VPharm and other public health benefit. Provide referrals to any applicable office of health insurance consumer assistance or health insurance ombudsman established under section 2793 of the PHS Act, or any other appropriate State agency or agencies, for any enrollee with a grievance, complaint, or question regarding their health plan, coverage, or a determination under such plan or coverage; and
- Provide information in a manner that is culturally and linguistically appropriate to the needs of the population being served by the Exchange, including individuals with limited English proficiency, and ensure accessibility and usability of Navigator tools and functions for individuals with disabilities in accordance with the Americans with Disabilities Act and section 504 of the Rehabilitation Act.

The State's Training Process and Requirements

As the Navigator certification criteria dictates, individuals designated to become Navigators by Grantee must complete the Navigator training program and pass an exam to demonstrate an understanding of the information taught in the training program. This is a two-step process:

1. Complete 24 hours of Navigator Training
2. Pass a written exam

The training program and exam will take place in July 2013 and September 2013. Over time, new regulations and information pertaining to Vermont Health Connect may be released and it will be important for Navigators to be aware of those changes or updates. Pending how much new information is available, it is estimated that Navigators may be required to complete an additional 4-12 hours of training over the course of the year.

Evaluation of Navigator Organizations

Grantee shall submit, with the quarterly reports to the State using the reporting form provided to track navigator activity. Reports will detail progress in engagement and enrollment levels, assessment of Navigator and Navigator Organization activities, forecasting for upcoming months and recommendations for strategic adjustments if applicable. The State will review reports and evaluate Navigator Organizations on a quarterly basis.

Upon execution of this grant the State will provide the Grantee with the required reporting forms. The Grantee shall be required to report the following data elements on a monthly basis.
