

# Learn more about health reform and the new Vermont health benefit exchange

**Vermont Health Connect** is a new health insurance marketplace, launching October 2013, designed to help small businesses and their employees find, compare and purchase health coverage. You're invited to a small business community forum with representatives from the State to learn about the Vermont Health Benefit Exchange and participate in shaping the Exchange as it moves forward.

The forum will cover topics including who can get coverage through the Exchange, essential health benefits, tax credits available now and more.

---

To learn more about Vermont Health Connect, join us in Burlington:

**Tuesday, October 23**

**8:00am – 10:00am**

John J. Zampieri State Office Building

Conference Room 2C

108 Cherry Street, Burlington, Vermont
