*****Medicaid Pharmacy Program Notice*****

Preferred Drug List (PDL) Change

Dear Provider,

Effective **6/03/2016**, The Department of Vermont Health Access is moving **Fluoxetine TABLETS** to non-preferred status on the Medicaid Preferred Drug List (PDL) with PA required. **Fluoxetine CAPSULES and SOLUTION** will remain preferred on the PDL. Patients currently using fluoxetine tablets will be required to change to the preferred formulation, or the provider will need to submit a prior authorization documenting the clinical reasons why capsules cannot be used.

Also occurring **6/03/2016**, **Escitalopram TABLETS** will move to preferred and will no longer require prior authorization. **Escitalopram SOLUTION** will remain non-preferred and continue to require PA.

If you have questions related to this change in benefit coverage, please contact the Goold Health Systems local Pharmacy Help Desk at 1-844-679-5362. Thank you for your continued support of the State of Vermont's pharmacy benefits programs.
