

VERMONT
HEALTH
CONNECT

Find the plan that's right for you.

- ◆ Help your patients get coverage
- ◆ Know your responsibilities for 2014
- ◆ Protect yourself from uninsured patients

Offering educational materials to your patients will allow them to learn more about Vermont Health Connect and direct them to the resources necessary for plan selection and enrollment.

- ◆ Email vthealthconnect@state.vt.us to request information & patient materials
- ◆ Visit the VHC website to learn more at VermontHealthConnect.gov

VERMONT'S HEALTH INSURANCE IS CHANGING IN 2014!

- ◆ ESIA—Employer Sponsored Insurance Assistance
- ◆ VHAP—Vermont Health Access Program
- ◆ VHAP/ESIA—ESIA with VHAP wrap
- ◆ VHAP Pharmacy
- ◆ VScript
- ◆ VScript Expanded

Sunsetting programs end on: 12/31/2013

Eligibility Verification

It is the responsibility of the health care professional to verify patient coverage prior to rendering service.

When a patient enrolls and selects a plan through the VHC, their coverage will **NOT** begin immediately.

If you find that your patient doesn't have any health insurance coverage please do the following:

1. Have the patient sign a release stating that they understand they will be responsible for payment **BEFORE** you provide services; retain this documentation in the patient's file.
2. Direct the patient to either the **VHC Customer Service** (toll-free) at 1-855-899-9600, 8am-8pm M-F & 8am-1pm Saturdays or the VHC website at VermontHealthConnect.gov.
