

Take CARE

www.VTCCI.com

1-866-900-5004

The Department of Vermont Health Access has teamed up with APS Healthcare to offer you VCCI – a free service to help you manage your health. The Vermont Chronic Care Initiative (VCCI) is here to help you take care of yourself so that you feel your best.

VCCI Care Coordinator
1-866-900-5004

Mon -Fri, 8AM - 6PM

Here's how we help:

We provide a **Health Care Professional**.

A Health Care Professional is here to help you understand your health and makes goals for improving your health. They will talk to you and send you information about healthy living.

Our registered Care Coordinators can help answer questions you may have about your health. They can give you the information and support you need to take good care of yourself.

If you have been assigned a Department of Vermont Health Access (DVHA) Care Coordinator, call:

Addison/Rutland

We can help you...

- Find (and go to) a primary care doctor
- Make regular medical appointments for screenings and care
- Get ready for your medical appointments
- Find transportation to your medical appointments
- Talk to your doctor about your health
- Get follow-up care after you go to the hospital
- Find other state and community services that meet your needs including help with food, clothing, housing, medication, transportation, support groups or other needs

These services are FREE to all eligible members.

What VCCI members are saying...

“Without the help of my health coach, I feel I would **NOT** have made the changes in diet and exercise.”

“She was there for me. She was always available and called me regularly.”

“There are very compassionate and understanding people. I wouldn't have made it through without their help.”
