
METHODS AND STANDARDS OF ESTABLISHING PAYMENT RATES - OTHER MEDICAL CARE
(Continued)

4. c. Family Planning Services

Family planning services are reimbursed in accordance with the methods and standards described within this State Plan for each specific service. The agency's rates were set as of 07/01/09 and are effective for services on or after that date. All rates are published at www.dvha.vermont.gov/for-providers. Except as otherwise noted in the plan, State developed fee schedule rates are the same for both governmental and private.

5. Physician's Services

Payment for a service rendered by a physician (M.D or D.O.) is made at the lower of the actual charge for the service or the Medicaid rate on file. Most rates were set using the Medicare Resource Based Relative Value Scale payment methodology. This methodology was updated for dates of service effective on or after January 1, 2014. All rates are published at www.dvha.vermont.gov/for-providers. Except as otherwise noted in the plan, State developed fee schedule rates are the same for both governmental and private.

Effective January 1, 2016 rates for all Physician Administered Drug prices will be at 93% of Medicare's Average Sales Price (ASP) +6%. Rates for Physician Administered Drugs will be updated annually using the latest version of Medicare's ASP pricing file. Medicaid reimbursement for Physician Administered Drugs may not exceed the amount that Medicare recognizes for such services. All rates are published at www.dvha.vermont.gov/for-providers.

a. Supplemental Payments for Qualified Teaching Professionals

- a. Notwithstanding other provisions of this Attachment 4.19-B, effective 7/1/2011, supplemental payment will be paid according to this subsection for professional services performed by Qualified Teaching Physicians (QTPs). The purpose of the supplemental payment is to ensure access to essential professional services for Medicaid beneficiaries through the care provided by teaching physicians on the faculty of the University of Vermont (UVM) College of Medicine.

QTPs include those physicians who are:

1. Licensed by the State of Vermont, where applicable;
2. Enrolled as a State of Vermont Medicaid provider; and
3. Hold salaried appointments on the faculty of the UVM College of Medicine and are employed by UVM Medical Group.

- b. A supplemental payment will be made for services provided by QTPs in an amount equal to the difference between the Medicaid payments otherwise made for the services and payments at the Average Commercial Rate. Only the professional component of a procedure is eligible for a supplemental payment. Payment will be made quarterly and will not be made prior to the delivery of services.
