**\*\*Important Changes to Coverage for Diabetic Supplies\*\***

Dear Medicaid Provider,

**Effective 1/1/23**, there will be important changes to the preferred diabetic supply list. Becton Dickinson & Co (BD) will no longer be the preferred manufacturer for pen needles. Pharmacies will need to choose from a wide selection of pen needles/pen tips from Arkray USA, Inc. or Owen Mumford USA, Inc. The complete list of preferred pen needles/pen tips has been provided below for ease of stocking a new product in anticipation of the change on 1/1/23.

BD insulin syringes will remain preferred and are unaffected by this change. A detailed list of preferred NDCs is attached and is also available on The Department of Vermont Health Access (DVHA) website: [https://dvha.vermont.gov/providers/pharmacy/drug\\_coverage-lists](https://dvha.vermont.gov/providers/pharmacy/drug_coverage-lists)

We continually monitor the net costs of supplies and periodically adjust the PDL if new cost-effective products become available. If you feel it is medically necessary for your patient to use a non-preferred product, a prior authorization will be required.

For questions, please contact the Change Healthcare Pharmacy Help Desk at 1-844-679-5362. Vermont providers can also send inquiries via email to **PBA\_VTHelpdesk@changehealthcare.com**. Thank you for your continued support of Vermont's clinical pharmacy programs.
