

Department of Disabilities, Aging and Independent Living (DAIL) Choices for Care HCBS Work Plan

This document represents the DAIL's improvement and action steps to strengthen Vermont's Choices for Care home and community-based services system. It was developed as part of the State's systemic assessment of the alignment of Choices for Care Long Term Services and Supports with recent federal Home and Community Based Services standards related to person-centered planning and home and community based settings. Planning included the following activities:

- Presentation of the State's Proposed Comprehensive Quality Strategy and its relationship to the HCBS regulations to the DAIL Advisory Board (August 13, 2015)
- A review of policies and rules governing Choices for Care operations (*Choices for Care Managed Long-Term Services and Supports Systemic-Assessment of Person-Centered Planning and Home- and Community-Based Settings Policies (Pacific Health Policy Group, October 27, 2015)*).
- Distribution of and a solicitation for input on a draft work plan and alignment findings (November 9, 2015)
- Posting of the draft work plan and alignment findings to the DAIL Adult Services Division and DVHA websites (November- December 2015)
- Presentation of the draft work plan and alignment findings at the DAIL Advisory Board (December 10, 2015)

Based on feedback received the State updated its findings and draft work plan as it relates to the Enhanced Residential Care Settings. Specifically, the State proposed additional action steps in the areas of case management and conflict of interest requirements in this Private Non-Medical Institution (PNMI) setting. Additionally, the State will initiate the provider self-assessment process earlier in the work plan timeline. Outlined on the following pages are the improvements/action steps that have been prioritized for Choices for Care settings.

The primary lead for Choices for Care proposed improvements/actions steps rests with the Department of Disabilities, Aging and Independent Living (DAIL). All improvements/actions steps will be managed in collaboration with program stakeholders, the Vermont Agency of Human Services (AHS) and the Department of VT Health Access (DVHA). The work plan will commence in January 2016 and is anticipated to be complete by December 2016.

<p>#8 ERC Setting: Units have entrance doors lockable by the individual, with only appropriate staff having keys to doors</p>	<p>Residential Care Home Licensing regulations are silent on the topic of furnishing and décor.</p>	<p>d. DAIL to incorporate relevant HCBS features into Choices for Care Program Manual, Section IV.8 Enhanced Residential Care. http://ddas.vt.gov/ddas-policies/policies-cfc/policies-cfc-highest/policies-cfc-highest-manual</p>
<p>#9. ERC Setting: Individuals sharing units have a choice of roommates in that setting</p>	<p>Residential Care Homes offer meal plans and are required make options available as requested by participants. Regulations are silent on 24/7 access</p>	<p>e. DAIL Solicit stakeholder feedback on revised documents.</p>
<p>#10. ERC Setting: Individuals have the freedom to furnish and decorate their sleeping or living units within the lease or other agreement</p>	<p>Residential Care Home Licensing regulations outline minimum standards (e.g., 8 am to 8 pm) not maximum</p>	<p>f. DAIL to publish revised final documents.</p> <p>g. Training and technical assistance providers as needed.</p>
<p>#11. ERC Setting: Individuals have the freedom and support to control their own schedules and activities, and have access to food at any time</p>		<p>h. <p>#12. ERC Setting: Individuals are able to have visitors of their choosing <u>at any time</u></p>		<p>i. DAIL to coordinate quality and licensing review activities with DVHA and AHS quality assurances</p>

Regulation: Settings Requirements	Findings	Proposed Improvements/Action Steps
#14. ERC Setting: Modification to HCBS Settings Requirements	Documentation requirements could be stronger.	under the Global Commitment Comprehensive Quality Plan (CQP).

Regulation: Person-Centered Planning	Findings	Proposed Improvements/Action Steps
#3. ERC Setting: Is timely, occurs at times and locations of convenience to the individual.	Guidance discusses participant direction but does not specify time and location arrangements.	See above action steps.
#5. ERC Setting: Includes strategies for solving conflict or disagreement within the process, including clear conflict-of-interest guidelines for all planning participants	ERC specific conflict of interest standards could be strengthened due to the nature of the all-inclusive package.	
#6. ERC Setting: Providers of HCBS for the individual, or those who have an interest in or are employed by a provider of HCBS for the individual must not provide case management or develop the person-centered service plan, except when the State demonstrates that the only willing and qualified entity to provide case management and/or develop person-centered service plans in a geographic area also provides HCBS. In these cases, the State must devise conflict of interest protections including separation of entity and provider functions within provider entities, which must be approved by CMS. Individuals must be provided with a clear and accessible alternative dispute resolution process	Due to nature of the all-inclusive payment, persons who choose these living options are also choosing an all-inclusive service package that includes case management.	

Regulation: Person-Centered Planning	Findings	Proposed Improvements/Action Steps
<p>#9. ERC Setting: Records the alternative home- and community-based settings that were considered by the individual</p>	<p>Documentation could be strengthened (#9 and 10).</p>	
<p>#10. ERC Setting: Reflect that the setting in which the individual resides is chosen by the individual.</p>
