A CLOSER LOOK: INDIVIDUALS IN QUALIFIED HEALTH PLANS WITH SUBSIDIES

As of January 2020, two out of three Vermonters in the individual market received federal premium tax credits to lower their monthly insurance costs. Many also received financial help to further reduce premium and out-of-pocket costs from the State and/or through federally required benefits. To qualify, they can't have another offer of affordable coverage, must enroll in a metal level plan, and must meet income guidelines.
