Downloading the **Sandata Mobile Connect APP** from the App Store for iOS/iPhone.

First, ensure you have an internet connection on your phone via either WIFI or your cellular connection (data plan). When using your cellular plan (data) to download the **Sandata Mobile Connect** APP and/or accessing the App Store, carrier charges may apply depending on your data plan. Please check with your provider.

On your iPhone, locate and tap the **App Store** icon.	When in the App Store, tap the **Search** icon at the bottom right of the screen. When the search screen displays, enter "Sandata" into the search field. Tap **Search**.	Tap the **Sandata Mobile Connect** App. Tap the **GET** or **Cloud** icon and the download will start. When the download is completed, an **Open** button will display. ***NOTE**: Do **NOT** download the Sandata "**MVV**" version*	The first time you tap on the **Sandata Mobile Connect**, a pop-up displays asking "*Allow Sandata Mobile Connect to access your location? Sandata Mobile Connect requires location for visit verification*. Tap **Allow** While Using App.	Another message will display asking "*Sandata Mobile Connect Would Like to Use Bluetooth. Sandata Mobile Connect requires Bluetooth for security purposes*". Tap **OK**.	

Step by Step Instructions:

STEP 1.

- On your iPhone, locate and tap the App Store icon.

STEP 3.

- When in the App Store, tap the **Search** icon at the bottom right of the screen.
